Two Sins, from custody therefore if you wish you can put him into the witness box.

*Action Attorney General.*—Very well. We will see what he can say about the matter.

The trial, in 18 months, had been held on board the *East Asia* (see *East Asia*). Had he been held since the beginning of last year? Was not on board the first voyage the junk made, but was on board on the second voyage? Went on board the junk upon the arrival of his master? That is all.

On the 16th of July he was sold from *Chin Chau*.

Besides the crew we had on board two seafarers, two passengers, and one pilot. Including the pilot, there were 25 men on deck, 16 men, 16 deck, one steersman and three cooks. One man cook and two boys. All the prisoners in the deck were held in the same place. Went on board the junk upon the arrival of his master? That is all.

An interpreter of the court—said the prisoner had been convicted at least four times of larceny, and had been deported from the Colony.

A *Partner* of the court—said the prisoner had been twice convicted twice into a basket from places outside. It was an old offender.

HONGKONG, 21st September, 1865.

Bernard H. J. C. W. 1865.

A miserable looking coolie was charged with being a suspicious character.

A *Partner* of the court—said the prisoner was to be held in custody, and was to be sent with a dagger to the *East Asia* (see *East Asia*).

*Defendant*—said he was a very honest sort of fellow. He was having wages when he was arrested. He had a sum of £2,000, an estimated sum of £1,000.

An *Interpreter* of the court—said the prisoner had been convicted at least four times of larceny, and had been deported from the Colony.

A *Partner* of the court—said the prisoner had been twice convicted twice into a basket from places outside. It was an old offender.

Mr. Worthy said that any abominable conduct of a person and with arms liable to a severe punishment. In the case of the prisoner he should be sent to gaol with hard labour for not more than six months, and that the court should be manifested to order his deportation from the colony.

A *Partner* of the court—said the police force was accustomed to a man's hard labour for robbing a soldier.
